

DESIGNWORKS MANIFESTO

We create beautiful things.
That's the given not the goal.

We are driven by making things better.
Not just different.
We develop solutions for better cities,
better offices and better ways to get there.
We work on systems that spark better
communication.
Result in better climate,
better health and better chances for everyone.

We are the architects of a better future.
To get there we go beyond.
We need to.
We must go beyond what's possible today.
We have to push the boundaries
of technologies, materials and manufacturing.
To impact and improve the world we live in.

Every day we stride forward. Further into the great
unknown.
Sometimes beyond what's rational and reasonable,
most likely beyond our own hesitations.
Because 'beyond' is where our dreams live.
Only there we can find real progress.
And create the real better.

That's why we do one thing and one thing only.
We design and execute big visions
that have the power to make our lives
Better. Beyond. Beautiful.
